Vocational Accomplishments and Social Aspects of the Adult Deaf

*Herb Schreiber, President
California Association of the Deaf*

SOME years ago, I read Helen Keller's remark that she considers deafness to be the greater of her two handicaps. I will not attempt to quarrel with this. But I am sure the adult deaf count their blessings when they consider that they are able to see all God's beautiful things, compete in industry on equal terms with their fellow-men, and become self-supporting, well-adjusted citizens.

Here in America, the deaf are much more fortunate than the deaf of other countries. Educational opportunities are unlimited. The world's only college for the deaf is located in the United States, drawing students from less privileged countries.

The rapid development of the American economy has created a climate, economically speaking, where the properly developed skills of the deaf in industry are prized. Recently, I had the chance to talk with an American missionary to the deaf of Japan. I was told that the majority of the male deaf had only two avenues of employment—barbering and fishing. In America, a recent survey put the number of employment outlets for the deaf, both male and female, at over 250.

In the Los Angeles area alone, I know of many deaf persons employed in professional capacities. My own wife, for example, is a tax accountant for the international headquarters of Rexall Drug Company. The city of Los Angeles employs two deaf civil engineers. The safety of the water supply of the city is assured by two deaf chemists. Deaf engineers are numerous in the missile, airframe and other technical industries. Other white collar occupations of the deaf include key punch operators, clerical work, operation of high speed electronic accounting machines, book-keeping and comparable work.

However, as a group, the deaf are most effective on the bench or at the machine, where dexterity is at a premium, and where they can produce as individuals rather than as members of a work crew. In this connection, I should like to pay tribute to the Riverside school for its vocational program. As an official of the California Association of the Deaf, I can honestly tell you that this program is second to none, designed to equip each child for the business of earning a good living in competition with his hearing counterparts.

Socially, the horizons of the adult are far-flung. Sports remain an abiding interest in adult life. The American Athletic Association of the Deaf, for instance, has over 100 affiliated basketball teams. Each year, these teams hold regional basketball tournaments. At the conclusion, these regional winners meet to determine the national championship team. This year, the national tournament took place in Atlanta, Georgia. Next year, it will be in Detroit. These tournaments provide an opportunity for social intercourse among the deaf of widely separated regions of the country.

In 1961, an international Olympic Games competition will be held in Helsinki, Finland, for deaf entrants only. The last Olympiad was in Milan, Italy. It resulted in international fellowship and good will among the deaf of different nations. Most European governments sponsored and subsidized their deaf teams. Here in America, the deaf people themselves sponsored their own teams financially and otherwise, with no federal assistance. Every phase of the trip for entrants and spectators, the planning, airplane arrangements, hotel accommodations, sightseeing tours, and so forth, were worked out by a staff of deaf persons. The deaf in attendance from other countries were almost universally shepherded by officials with normal hearing, appointed by their governments. This in itself demonstrates the quality of the education your child receives in America. He needs only take full advantage of the educational opportunities open to him.

Printed here is the text of a speech presented to the P. T. C. A. at CSDR on October 11, 1959, by Herb Schreiber, President of the California Association of the Deaf.

Why Fingerspelling

The continuing philosophy of this school regarding means of communication and instruction for our older students is based on the simultaneous method. This method combines the oral approach with fingerspelling. Sign language is not acceptable if we are to develop the best use of English among our students.

It is true that many signs are universally used and understood. The circle formed by the forefinger and thumb means "okay" to everyone. Other signs, especially those used by teenagers, are more difficult to define. A teenager was recently observed holding her hand out with the fingers dangling in front of another youngster. This seemed to be an acceptable sign but when the first young lady turned her hand over with the fingers pointed up, the second person became incensed. When asked the meaning of signs, the teenagers were able to give only vague definitions. Seemingly when the fingers point downward it represents a live, vibrant being, but the fingers pointing upward represent a dead, beat individual.

So it is often with deaf children. They understand what is meant by a sign but are unable to clearly explain its meaning. An example of this is the sign for eating. Bunching the fingers and motioning toward the mouth can mean to eat. It can also mean breakfast, dinner or supper. It can likewise be used for going to snack bar, on picnic or for refreshment.

We are depriving the deaf child of a wonderful opportunity to enrich his vocabulary if we do not use fingerspelling and writing to bring the correct use of language to his knowledge.

Principal

Vocational Accomplishment

Continued from Preceding Page

He may then become a self-reliant and capable adult. No one will have to lead him by the hand.

Social clubs among the deaf are legion. These clubs may sponsor any number of activities. Besides the ever-present basketball team, you may find a women's group, perhaps affectionately dubbed "Knit 'N' Purl"; a drama section; bowling teams; softball teams; camera clubs and crafts groups.

In this state, the California Association of the Deaf has eleven chapters. Most of the groups lean toward quiet social affairs, while contributing to the strength of this representative association. All chapters lend a hand in helping the Home for Aged Deaf in Los Angeles, which is maintained by the deaf alone through donations and drives.

The National Association of the Deaf may be called the legislative "watchdog" of the deaf on the national level, and otherwise contributes to the welfare of the deaf. Some years ago, an extra \$600.00 federal income tax exemption for deafness was proposed in Congress. This measure was defeated by action of the National Association of the Deaf. The deaf want a chance—not charity. All deaf adults are and remain citizens of full status, with equal tax-paying privileges. If this may be called a privilege!

In Chicago, a handsome new building houses the offices of the National Fraternal Society of the Deaf, a life and accident insurance company with assets worth millions. This is owned and operated entirely by the deaf of the United States. With divisions in every major city, it contributes a fraternal lodge evening comparable to that of the Elks and similar societies for the hearing, at the same time providing assured benefits.

Aside from the foregoing organized activities, the adult deaf may take an active part in community life. Deaf men work with the Boy Scouts and the Little Leagues. Deaf women take their turns as den mothers with the Cubs and troop leaders with the Girls Scouts. My wife served as editor of our local PTA paper for parents, which went to 2,000 members of our Junior High School's parent organization.

The deaf are a happy people. As a class, they show remarkable adjustment, overcoming their handicap with the help of such fine education as the Riverside School provides—to the point where they may partake fully of all the privileges and responsibilities of citizenship in our wonderful country.

Student Assistance Fund Established

A Student Assistance Fund has been established as a trust fund at the California School for the Deaf at Riverside.

This fund was suggested by Mrs. Olive Carson, who is a counselor on the CSDR staff. Mrs. Carson is the first contributor to the fund, having already made two contributions.

A primary purpose of this fund is to provide money on a loan or a scholarship basis to pupils from this school who are going on to further education. Loans or grants may also be made for other purposes when in the judgment of the Administrating Committee they are consistent with the philosophy behind the basic purpose of the fund, which is for the education and well being of hearing handicapped children.

The income for this fund may be established by contributions from people in the community, parents who wish to show a form of appreciation, friends of the school, staff members and organizations. Gifts may be given in memory of someone or to honor an individual. Repayment of loans will eventually be made, also.

Any gift received will be acknowledged by a certificate to the donor, or, as the case may be, an appropriate certificate to the family of the person being honored. In addition, the names of the donors will be listed in **The Palms** without the amount being included.

The fund will be administered by a committee composed of the Superintendent, the Principal, the Dean of Students, the Senior Counselor for the older girls' dormitories, the Senior Counselor for the older boys' dormitories and the Supervising Teacher of the Upper School.

American Instructors of the Deaf Meet in Colorado

Thirty-four faculty members from CSDR attended the 39th meeting of the American Instructors of the Deaf. The meeting was held from June 28 to July 3 at the Colorado School for the Deaf and Blind in Colorado Springs.

The next meeting will be held in Salem, Oregon, during the summer of 1961.

Dr. Richard G. Brill was elected president of the organization and will serve in that capacity until the group's next meeting. Dr. Brill was chairman of the 1959 convention program.

P.T.C.A. Meeting Held Oct. 11

The first meeting of the Parent-Teacher-Counselor-Association was held October 11 in the Social Hall. Mr. Schreiber, president of the California Association for the Deaf, was the speaker.

1958-59 was a successful year for the P. T. C. A. There were more paid memberships than previously and the organization provided money for several projects, among which was a contribution used for completion of the Boy Scout Picnic Area, which is now available for the use of all student groups on the campus.

It is hoped that the P. T. C. A. will receive the continued support of the parents who are now members and that the current year's memberships will increase appreciably over last year's.

Art Award

In the annual Latham Foundation for Humane Education international poster contest, Molly Merritt, received a scholarship award—the highest award in the Helen Mackay Memorial division of the contest. The scholarship is worth \$400 and consists of a three-year correspondence course with the famous Art Instruction School of Minnesota. Molly has been working on lessons and reports she is progressing very well. She also passed her entrance examinations to Gallaudet College in Washington, D. C. and is now a student there.

A third prize cash award was won by Paula Courtwright.

Beautifully engraved Certificates of Merit were presented to Cathy Blood, Donna Carpenter, Richard Cato, Robert Coats, Ronald Boughton, Merry Carol Danielson, Margaret Dewey, Judy Hubbs, Karen Roach, Laura Vander Laan, Melinda Watson and Meta Wilson.

Susan Courtney Participates in Claremont College Demonstration

Susan Courtney, a pupil in Upper School, went to Claremont College for a day this past summer to take part in a demonstration on intelligence testing.

The demonstration was given to a group of graduate psychology students, all of whom were amazed and impressed by the intelligence, poise, and dignity Susan exhibited. Susan was a credit to our school and to all deaf people. She did a great deal toward helping these people respect what deaf people can do if given the chance.

Lower School News

New Children

These children entered Lower School this year.

Mark Austin	Deborah Brown
Jimmy Baer	Gloria Estrada
Richard Breiner	Arthur Eyrich
Donald Caldwell	David Howell
Debra Cordes	Sharon Ingenthron
Michael Elkins	Brant Watt
Elizabeth Feria	Verne Carlton
Bruce Fry	Hedy Udkovich
Barbara Gunter	Lorin Melander
Janet Harbert	Michael Miller
Ronnie Lurwick	Larry Kavner
Cathy Ortega	Ronald Bryan
Angelo Romeo	Frankie Lala
Ronald Roush	Joan Popovich
Richard Sanchez	Dick Stumbo
Gerry Winebrinner	Janice Sickenger
Shelly Benson	Steven Turner
Tommy Bledsoe	Scott Karsh

To the Parents of Lower School Children:

Lower School will have a Halloween Parade Friday, October 30. The parade will start at the Social Hall at 1:45 p.m. The parents are cordially invited to view the parade from the grass area in front of the Social Hall.

Following the parade the children will return to their classrooms for refreshments. Please do not go to the classrooms. You may call for your children at the residence halls at three o'clock on this date.

Thank you.

Mrs. Gate's Class

Chris Groves and his family went water skiing last summer at the beach. They like to water ski.

Janice Hallmark went to Disneyland with her family last summer. Everyone had a good time.

Bruce Brewster went to a circus in Long Beach. He saw many funny clowns.

Ray Butler and family went to Denver,

Colorado last summer. They went fishing and hunting.

Todd Brown likes to go horseback riding at home with his father.

Gregory Danielson and Richard Barron had birthdays the first week in October. They are both nine years old now. They each had a nice birthday cake.

Miss Loughran's Class — About Us

There are six girls and two boys in class. Seven children stay in the dormitories. One boy goes home after school every day. His name is Johnny Wilson. He is eight years old. He lives in Riverside. The other boy is Steven Turner. He is eight years old. He lives in San Diego. The girls are Beverly Goldsberry, Carol Tufts, Rebecca Cahal, Jeanne Buller, Barbara Carr and I. My name is Patty Burrell. I am eight years old. I live in Northridge. Beverly is nine years old. She lives in Glendora. Carol is nine years old. She lives in Van Nuys. Rebecca is nine years old. She lives in Whittier. Jeanne is nine years old. She lives in Covina. Miss Loughran is our teacher.

Patty Burrell

Swimming

We swim Monday afternoon. We go to the locker rooms at 12:30 p.m. We put on our swim suits. We take showers. Then we walk to the swimming pool. Some children swim at the deep end of the pool. Their teacher is Mr. Lennan. Some children swim at the shallow end of the pool. Their teacher is Miss Gesue. We get out of the pool at 1:30 p.m. We dress in the locker rooms. Then we come back to school.

Beverly Goldsberry

Rhythm

We go to the rhythm room for rhythm Friday afternoon. We stand at the piano.

Continued on Page 7

Zoo Activity in Lower School

This is a picture of the children in Class L in Lower School. They have been learning about the zoo and the animals in the zoo. They made pictures of the animals and put them on the bulletin board. Their teacher told them many stories about zoo animals. During Auditory Training period, they listened to recordings of the sound the animals make. During Rhythm they played they were zoo ani-

mals and walked like the animals walk.

The children in this picture are from left to right:

Don Cogswell 7, Riverside; Rudy Anderson 7, Ontario; Pat Carton 7, Lancaster; Joanne Miller 7, LaVerne; Bruce Gould 7, Riverside; Michael Miller 8, Trona; Scott Karsh 7, North Hollywood; Eddie Dudley 7, Los Angeles.

Their teacher is Mrs. Bette Fauth.

Eight Students Pass Gallaudet Exams

Eight CSDR students passed the examinations given last May to qualify them for entrance in Gallaudet College in Washington, D. C. These young people were Henry Barnes, Jack Salisbury, Virginia Fallin, Anne Wallis, Karen Roach, Kathy Stirling, Shirley Hill and Molly Merritt.

One of the girls, Kathy Stirling, was placed

in the Freshman Class, while the others were entered in the Prep Class.

Buddy Long, a pupil who was transferred to a public school in Redlands from CSDR, also passed the exam and was admitted into the Freshman Class.

Also attending Gallaudet from this school are Lillian Quartermus and Jonie Macfadden.

**First Row: L. to R.—Mrs. Georgia Bloxom, Clayton Wilcox, Mrs. Marcia Hooper.
Second Row: L. to R.—Kenneth Finnestad, Mrs. Alma Faye Barr, Mrs. Luda Best Sowell. (Not pictured is Miss Edna Noe.)**

Seven Teachers Join Faculty

CSDR opened its fall term with 502 pupils enrolled, 65 of whom are attending this school for the first time. Seven teachers joined the faculty which now has 81 members.

Mrs. Alma Faye Barr, who lives in Fontana, received her training to teach the deaf at Los Angeles State College. Mrs. Barr has taught in public schools in Fontana, Barstow and New Mexico.

Mrs. Georgia Bloxom taught at the Colorado School for the Deaf in Colorado Springs before joining the CSDR staff. She received her special training at the Iowa School for the Deaf.

Kenneth Finnestad is from Saskatchewan, Canada. He was trained to teach the deaf at Gallaudet College in Washington, D. C.

Mrs. Marcia Hooper trained at the Eastern Michigan State College in Ypsilanti. Mrs. Hooper is from Detroit.

Miss Edna Noe has taught in the Arizona School for the Deaf in Tucson. She received her training at the Western Pennsylvania

School for the Deaf in Pittsburgh.

Mrs. Luda Best Sowell received her training at Gallaudet. Before coming here Mrs. Sowell was a classroom and supervising teacher in the South Carolina State School for the Deaf.

Clayton Wilcox is from Glenmont, New York. He prepared for teaching the deaf at St. Mary's School for the Deaf at the University of Buffalo in New York State.

In addition to the new faculty members, Mrs. Anne Rush and Mrs. Jean Greathouse have returned to the staff after having had leaves of absence.

Teacher Injured in Auto Accident

Miss Beverly Young, a teacher in the Elementary School, was injured in an automobile accident on October 12 while on her way to school.

Miss Young suffered a concussion and facial lacerations. She has been confined to the Riverside Community Hospital for two weeks.

We put our hands on it. Mrs. Batchelder plays the piano. We watch Miss Loughran. We clap our hands. Sometimes we dance. Sometimes we talk. Sometimes we play the band instruments. We like rhythm.

Barbara Carr

Library

We go to the library Thursday afternoon. We take back our books. We look at many books. Each child chooses a book. We write our names and the date on the library cards. We bring our books back to our room. We read our books in school.

Johnny Wilson

Recess

We go out for recess every morning at 10:15. We go to the bathroom. Then we go to the playground. We play on the playground equipment. We have fun. We come back to school at 10:30 a.m.

Rebecca Cahhal

Our Meal

We eat our meals in the dining room. We eat three meals every day. We eat breakfast in the morning. We eat lunch at noon. We eat dinner in the evening. We eat many foods. They help us to grow tall and strong.

Jeanne Buller

Everyone Helps

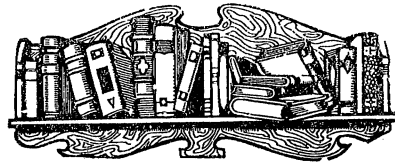

We help Miss Loughran in school every day. One child writes the attendance report. Another child gets the chalk. Someone gets the erasers. Someone cleans the chalkboards. Someone gets the pencils. Someone turns on and off the lights. Someone gets the paper and books. Someone tidies the room. We like to help our teacher.

Carol Tufts

A New Game

Miss Loughran taught us a new game. The name of the game was "Who Is It." I sat on a chair. Someone tiptoed behind me and put his hands over my eyes. I could not see who it was. I guessed who it was. I guessed it was Patty Burrell. I guessed right.

Steven Turner

The Book Shelf

If you are baseball minded, there is a new humorous fiction book, **The Wonderful World Series**, by Charles S. Verral, in our library. A trip to see an opening game of the World Series was promised to the local champion baseball team in Pineville. The boy, Pierre "Frenchy" Beaumont, and his "Red Devils" team won and were excited about the reward. But there were many incidents which almost ruined their chance to see the game. The money provided was not sufficient so the Red Devils put on a drive to raise the necessary funds. The bus ride was hair-raising. There were more adventures following—the strange disappearance of a big league pitcher, the advent of Killer, the hungry goat, which ate the World Series tickets, and the accident on the highway. Let's read and see how the boys succeeded in seeing the opening game of the World Series.

Head to the West, by Carol Hoff, is a pioneer story about the Von Dohn family setting in Texas. They had a rough welcome to their new home by being on a ship during a storm. The ship was grounded on the deserted coast of Texas. The children, Rosa and Franz, found something new and interesting in the new land where the Indians still roamed, and where wild animals wandered. They loved their new home but their father was not happy with the rough, lonely life for his family. However, the children did not want to leave Texas. Mr. von Dohn found a way for the family to stay in Texas by settling in a growing town.

Teruko Kubotsu, Librarian

Elvis Presley

The greatest singer of all,
Whom we adore
Is gone to Germany
To practice and learn
And to protect us
When war is appearing
But he'll return soon
And he'll sing again
For us.

Etta Smith, Upper School

Elementary School News

There are 127 children in Elementary School this year. Seventeen of these pupils are new.

Betsy Baldwin	Beverly Greer
Harvey Bradley	Gene Hibbs
Dennis Bridwell	Dale Kamerer
Ronald Brown	Linda Kerstein
Warren Duckworth	John Reynolds
Shara L. Eberhardt	Mary Rose
Bonnie Elder	Sandra Russell
Lucy Garcia	Karen Thompson
Jane Gibson	

Three of the Elementary teachers are new to CSDR:

Mrs. Georgia Bloxom, Miss Edna Noe and Mrs. Luda Sowell.

We are looking forward to a busy, happy year.

Miss Renna's Class

Julian McCallon had a summer job. He worked as a janitor. He earned \$66.20.

Howard Sultan saw a Dodger-Braves baseball game last July. The Dodgers lost. The score was 8 to 7. Howard was sad.

Jack Lamberton and his family spent Labor Day on their friend's yacht. He had a good time watching all the different kinds of fish.

Monica Lane and her family are very happy because they will soon move to a new house. It is big and very beautiful.

Patsy Carlsen and Margaret Rose had a wonderful vacation. They went to the Big Bear Lake camp for the deaf last July. The girls went horseback riding and swimming. They had a party, too.

On July 30, Gregory Decker went to Yosemite with his Boy Scout troop. He stayed there nine days. The boys went on hikes and slept in tents. They had a wonderful vacation.

Karen Kleiman and Diana Goldsberry went to Disneyland just before school opened. They went on many rides and

bought souvenirs. The girls enjoyed their trip. They hope they will go back very soon.

Alice Sargent was very tan when she came back to school. She spent the summer at her home in Laguna Beach. Her family has an apartment near the beach.

Paul Kronick went to see all the new General Motors cars last weekend. He brought back many pictures of the 1960 cars. They are very beautiful.

Mr. Holter's Class

Class M had a wonderful summer. Keith Gamache visited his sister in Los Angeles, went to the fair in Del Mar, and had fun at the beach. Jeanette Estes went to Disneyland, helped her mother, and visited her friend Susie Guzman. Edwin Coates learned to drive a jeep, went to the San Diego Zoo, and saw many movies. David Cisneros went to the beach, to the fair in Pomona, and to the fair in Norco. Mike Cardinale visited his grandparents in Pittsburg, California, went fishing in a motor boat, and had a good time swimming in the pool at his home. Rodney Nunn went to a mountain camp, to the beach, and to Brookside Park. Susie Guzman went to a park where she rode in a roller coaster, visited her friend Jeanette Estes, and spent a week at Big Bear Lake. Ralph Gibbons went swimming at Huntington Beach, moved to a different home, and visited some of his friends. Jeff Baucom visited his grandparents in North Carolina.

Class M has two new pupils. They are Harvey Bradley and Ronnie Brown. Harvey lives in Los Angeles. He went to Mary E. Bennett School last year. His sister Alcea is in CSDR, too. Ronnie lives in Riverside. He went to the Diamond Head School for the Deaf in Honolulu for the last three years.

Mrs. Hritz's Class — A Trip

We went on a trip to Oak Glen on Tuesday, September 29, 1959. We went to see the apple orchards. We rode in Mrs. Tennis' and Mrs. Hritz's cars. We left school after lunch. It is about thirty-two miles from Riverside to Oak Glen. We rode through Redlands and Yucaipa. We rode up and down many hills. We saw many beautiful trees. Some of the leaves were red, some were orange and some were yellow. We saw many, many apple trees. There were many apples on the trees.

We stopped at the Los Rios Ranch. We went to the apple packing shed. Some men picked the apples from the trees. They brought them to the shed in a big truck. Then they put the apples on a moving belt. A big brush dusted the apples. The little apples fell through some holes to the belt. Several women sorted the apples. Some of the apples were big, some were little, and some were medium size. Some women packed the apples in nice boxes. A man nailed the covers on the boxes. Another man piled the boxes. Later on the boxes of apples will be sold in stores.

We saw a man and a woman putting labels on gallon jugs for apple cider.

Janet Smith bought a bag of apples. A man gave us each a ripe apple. We ate the apples. They were crisp, juicy and delicious.

Then we drove to another apple shed. There was a cafe on the side of the road. We went into the cafe and had some apple pie. It was delicious.

Then we got into the cars and returned to school. We enjoyed the trip.

Mrs. Sowell's Class

Knott's Berry Farm is an interesting place. I visited it with my family last summer. I saw cowboys, Indians, old cars, old houses, flamingoes and many other things. We had a good time.

Dieter Baumert

The most fun that I had last summer was at Disneyland. I rode on the cup and saucer and some other things. My brother rode in a submarine. He went under the water. We laughed and had a wonderful time.

Gene Hibbs

The most interesting thing that I did last summer was to go to San Francisco. I went to a baseball game. My team lost. I bought a pretty banner. There were many people at the game. I stayed in San Francisco for two days.

Tony Hackett

I like the mountains. Last summer I went to the mountains. I saw twelve baby woodpeckers. They could not fly. The babies opened their mouths and the mother gave them worms. I liked to watch them.

Mike Campbell

Going to the beach is fun. Last summer I went to the beach with my family. We swam and played in the sand. We saw many boats on the water. We ate ice cream and hamburgers. We had a good time.

Robert Pealatore

I had a good summer. I went to Monterey for a visit. We stayed with some friends in their nice home. We went to the lake often. It was a beautiful lake and many people were there. I wanted to stay longer, but we had to go home.

Tommy Parker

The Stars

Like jewels in a diamond ring
What a beautiful sight the stars bring
Big dippers, little dippers with shapes like
a string

The red comets that seem to have wings
Oh! What a beautiful sight the stars bring
That can make a person's heart sing.

David Perkins, Class O.
Upper School

Cover Design

The cover was designed and pasted up in Commercial Art class by Don Graham.

The Junior Palms

INTERMEDIATE SCHOOL

Reporters.....Classes B, C, D, E, F, I
Faculty Advisor.....Jeanne Paul

Class B

Paul Vincent's father bought a car for Floyd. He needed a car last summer to go to work. He washed dishes in a cafe.

Robert Goodwin's uncle, his mother and he went to Long Beach last summer. They watched the rides. They ate hot dogs and drank coffee and milk.

Steven Strange's father found three snakes last summer. The snakes got away. October 1 the deer season opened. Steven's father watched the people go to shoot deer. The people must buy a license to shoot deer.

Joseph Leon and his father went fishing. They caught two swordfish. Joseph and his friends saw a bullfight in Mexico.

Class C

Gloria Perez is happy over her sister's new baby boy.

Nancy Sanders and Nancy Price had lots of fun at Disneyland last summer. They liked the mountain and the part about Tom Sawyer the best.

Linda Briones had a good time at the beach with her sisters, brother and Uncle Rudy.

Carole Williams and her family took a trailer to the mountains. A big bear stole some food from their camp.

Barbara Miller also enjoyed Disneyland. She got a hat with her name on it.

Evelyn Brown rode a horse, swam and fished on her vacation. She watched her brother, Greg, play baseball.

My Funny Puppy

My family, Connie and I visited my grandmother. My sister, Joan, and I saw six little puppies. My grandmother told me that all the puppies had not opened their

eyes. My family laughed and laughed at the puppies. The puppies walked and fell down, walked and fell down. I saw one puppy asleep. My grandmother said, "Please help it." I said, "OK." She gave the other dogs milk. My puppy lapped the milk too fast. I said, "No, no." The puppy said, "Bow-wow."

Jewel DeWitty

Class D

John Segafredo and his family went to Virginia City, Nevada. He saw old houses, built in 1885.

Jackie Long and Robert Blancet caught 27 fish when they went fishing.

Leroy Harper went to Las Vegas for about three days last summer. He also saw the movie "Hercules" and liked it.

Chris Bello and his family went to Clear Lake, California, and stayed for one week. It was about 500 miles. He rode on water skis.

A New Girl in Class D

Judy Tamez is a new girl in Class D. She is fourteen years old. She came from the Washington School for the Deaf. She is happy in the Riverside school. She is happy because her mother and father did not like it in Washington. It is very rainy in Washington. Her mother and father wanted to move to California. Judy thinks some girls and boys in Washington will miss her.

Karen Rowenhorst

Summer Camp

Last summer I went to the Big Bear Lake Camp. It was fun. There were more than 25 children in camp. We rode on horses and swam and hiked. We slept there for one week. We went to church every night. In the morning we worked on crafts. We made baskets. They were all different. The boss told us that maybe next year we will go to another camp, the Blue Bird Camp, for two weeks.

Ronnie Scolaro

Class E

Marjorie Gathercole has five pet rats at home. She and her family went to San Francisco last summer.

Also going to San Francisco were June Phillips and her family. They went across both the bridges and had a good time.

Robert Blancet wants to buy a motorcycle.

Jim Miles planted some beet seeds in the garden at school.

Mark Robinson was a newsboy last summer. He thought it was easy work.

Ronald Schillinger and his family went to the baseball games in Los Angeles last summer. He is for the Dodgers.

Froetter Nelson saw her sister graduate from Compton High School last June.

Class F

Loretta Conti, Bert Dryden and Mike Eastman are the three new students in Class F. Loretta lives in Los Angeles and went to Gage Junior High in L. A. Bert, whose real name is Everett, went to Le Conte Junior High in L. A. before he came here. Mike lives in San Marino.

Connie Davis and her friends went to the Long Beach Amusement Park. They saw a man who was turning to stone. Connie also went to Disneyland with her family and bought a horse made out of glass there.

David Mull watches the news on TV everyday and also reads the newspaper. He was interested in the Russian rocket to the moon.

Ernesto Murillo played on a baseball team during the summer. He played center field and left field. He made two home-runs. He hurt his leg but his team won by 11 to 9.

Mike Eastman, his father and brother Bob spent four weeks in his grandparents' trailer in Oak Creek Canyon last summer.

David Strange worked at Mountain Brook Ranch. He put pears into boxes and

put them on a truck. He worked hard and put his money in the bank. He and his brother Stephen practiced shooting at cans, too.

Class I

Robert Barron and his family went to San Francisco. Robert visited the Berkeley School. Robert and his friends watched a Jai Alai game in Mexico last July.

Charles Hofer went over to his friend's. His friend had two surfboards. He rode a surfboard and Charles rode once and didn't fall in the ocean. Charles saw a big wave; it was about 15 feet high. He was thrilled by the big waves. He really had fun.

Clifford Garbett and his friend will go to the mountains to hunt. They hope to kill a rabbit and cut off and keep the fur. They will practice shooting cans. The one who hits the most cans will win.

Gary Cruz worked last summer. His mother was happy and proud of him. He bought clothes for school with the money.

A Wonderful Two Days

Donna Larson came to visit with me for three days. Donna and I asked my mother to call Nancy Burrell's mother. Nancy was not there. Then Nancy's father called my mother about Balboa Island Beach. My mother asked if Donna and I wanted to visit with Nancy for two days. Donna, Nancy and I went to the beach. I got a sunburned back.

Nancy's family, Donna and I rode on a sailboat. We went to the Balboa Fair. We rode the ferryboat. It was a wonderful two days.
Sandra Butler

Miss Kitchen's Trip to Alaska

Miss Kitchen drove to Seattle, Washington. She flew to Alaska. The airplane landed at Fairbanks. She visited her friend. Her friend lives in Anchorage. They visited Kotzebue and Nome.

Random Notes

Hi! Looking at the many smiling faces on the campus, everyone seems to be happy to be back to school.

We have only two new students, Eduardo Perdomo from Venezuela, S. A., and Dawn Bryson, a transfer from the Illinois School, in the Upper School this year.

Marilyn Lewis' room seems to be a zoo of stuffed toy animals which Mark McCrory has given her. He won them all at an amusement park.

While Russell Thexton on the Student Council is up on his job early, waking up the boys, Don Winant sleeps. Get up, sleepy Don, and do your share. By the way, Russell is so proud since he came across his name as fullback in the 1959 Southern California Grid Index magazine.

Don Silvers saw 15 movies this summer, and all were free, at a drive-in where his brother-in-law works.

Notice the class rings the Seniors are showing off, but poor Peter Natale has his hidden some place. He has to put on some weight before he can keep the ring on his finger. How did you lose so many pounds this past summer, Peter?

When school opened it was good to see the frame work of the gym completed, and the men doing the inside work. We are all eagerly looking forward to December when we should be able to use the gym.

One night Tom Utley thought there was a spirit in his room when the lights suddenly went on and off with no one at the switch and his roommate, Bob Coats, in bed. Bob was pulling a string with the other end attached to the switch.

On the camping trip with Mr. Lennan

this summer, Chris Hunter tucked his fishing pole and tackle box in the car, promising to catch some fish. Mr. Lennan hauled the pole for more than 2000 miles but Chris never caught a fish. Weren't the fish biting, Chris, or did you fumble your lines?

Read, Read, Read

All three months of summer I read magazines such as, *Life*, *Look*, *Time*, *Newsweek*, and the *Post*. I bought many pocket-books. They were *Blue Denim*, *Some Like It Hot*, *Green Mansions*, and the *Diary of Anne Frank*. After I read the books, I went to see the movies. It helped me in comprehending the stories and made them more interesting. This tempted me to read more and more. Sometimes I went to the library to get books such as, *Eva* and *Edoxus*. I am now a bookworm.

Sonia Kracer

My Job

I went to work in Los Angeles last summer. I worked at California Sample Service. A man showed me how to do the work. Cloth was put on a big board. I put long strips of paper on the cloth. I put the strips of paper on the edges of the board. I did that many times. I remained on the job for three months. I was happy I had a job.

Dorothy Stigger

A Proud Uncle

I am a proud uncle. My sister, Sarah, had a baby boy last July. The baby's name is Robert. He is very cute. He kicks all the time now.

Gilbert Olague

My First Job

In mid-June I went to the Press Enterprise building. I asked the manager if I could have a part time job on the linotype machine. He said that he did not need

anyone for part time work. He wanted some one for a full time job. Because I am still a student, I did not get the job but I still looked for one.

Finally an upholsterer asked me if I wanted a job. I was so glad that I got one for the first time. The upholsterer taught me how to remove old materials to replace springs and put new materials on furniture. I earned six dollars a day for for one month.

James Thompson

Was This Horse Sense?

On July 4 my family and I went to Green Valley for our vacation.

One day my sisters and I wanted to go horseback riding. Boy, the horses were stubborn and all they wanted was to go back to the stable.

When my sister, Charlene, tried to make the horse step away from the stable, the horse got mad and spit on Charlene. I laughed because I never before had seen a horse spit.

My horse was stubborn, too; he kept running and I tried to stop him, but couldn't. He ran all the way to the stable.

My other sister, Janeen, had a horse that just stood and ate the leaves and she could not make him go or else he would snort. We didn't go horseback riding for long but we had fun laughing and working hard in trying to make the horses mind us; still they got the best of us!

Francine Lauer

Painting Job

I got up at 5:00 every morning in July and August. Jose Guzman and I went to Fontana in his car. Jose sprayed paint and I used a brush to paint. I mixed different colors of paint in cans. Jose and I painted a large new office building. It was hard work. I hope I will paint again next summer.

Rudy Nunez

The Junior Class

Our first meeting was composed of 13 slightly disorganized but highly eager participants of the newly established Junior

Class. During the meeting plans were made for the first car wash of the year. Assignments were made for candy sales in Upper and Intermediate schools.

During the second Junior Class meeting, the following officers were elected: President, Donna Carpenter; Vice President, Don Winant; Secretary, Sonia Kracer; Treasurer, Sharon Lewis. It was agreed that the car wash was a success because everyone worked in harmony. Further discussion was about the past week's profitable concession sales at Riverside City College and also Arthur Harper's and David Olsan's care of the candy sale locations throughout the school campus. A committee composed of Sharon Lewis and Donna Carpenter was selected to design an attractive poster for our Christmas Card sales. The need for photographs for our Year Book was also discussed. It was agreed that anyone thoughtful enough to give us photographs should be reimbursed for their expenses.

The Senior Class

There was much pride and excitement when the members of the senior class received their long awaited class rings. There were some changes made; Molly Roque-more became class secretary in place of Carol Wales, who left school to get married. Miss Dorothy Smallwood replaced Miss Betty Ohlinger as co-sponsor. Miss Ohlinger is now at the New Mexico School for the Deaf in the capacity of supervising teacher.

Most members of the Senior class helped at the concessions at the Riverside College home football games. Yearbook business got under way and preliminary plans were drawn for the annual Senior outing. The members of the class are now looking forward to the next event on the list—the taking of individual pictures in cap and gown. Activities and plans are progressing rapidly for this last very important year for this class.

Leisure Time Events

Boy Scout Troop 18

Troop 18 has 33 boys this year. The leaders for the year have been selected. They are: Milton Wilson, senior patrol leader; Craig Fenton, Bob Barron, Sidney Kaufman and John Smithson, patrol leaders; Jack Lambertson, Pat Bybee, Paul Kronick, assistant patrol leaders.

This year Troop 18 has three boys working toward their Star advancement rank, 12 boys working toward their First Class rank, eight boys working toward their Second Class rank and eight boys working toward their Tenderfoot rank.

Camping activities for the year include weekend camps to Camp Emerson, in the San Jacinto Mountains; to Borego Springs and to Cottonwood Springs, in Joshua Tree National Monument.

Post 18 Explorers News

The Explorers went on a three day camping trip to the Kern River on September 25, 26 and 27. The Kern River is located in central California at the southern edge of Sequoia National Park.

The boys enjoyed swimming and sight seeing. They saw a hunter skinning a buck that he had shot that day.

Girl Scout Troop 175

Intermediate Girl Scouts are meeting on Wednesday afternoons this year. The three patrols and their leaders are: Eagle Patrol, leader, Marjorie Gathercole, assistant, June Philips; Ivy Patrol, leader, Carole Williams, assistant, Betty Coley; Sunflower Patrol leader, Connie Davis, assistant, Sherry Hudson. Miss Helen Arbuthnot is the troop leader this year and the other adult leaders are Mrs. Panish, Mrs. Greathouse, Mrs. Schuman, Miss Paul and Miss Carlson. The first outing of the year was a cookout.

G. A. A. News

We had our first G.A.A. Board meeting September 29, and we discussed the future plans for G.A.A. We will start with swimming and marching; field hockey will follow.

Our volleyball team will play a game with a recreational group. We really don't start

volleyball until December 1. Girls who want to try out for the team will get the chance to try out then.

Sonia Kracer,
Vice-President, G.A.A.

Science Club

A group of seven boys and girls interested in science anxiously watched a stream of water pour into a flask containing a chemical called sodium peroxide. Suddenly the water and the chemical bubbled and fumed. The flask become hot. A gas rushed through a rubber tube leading from the flask to several water filled test tubes. The water emptied with a gush as the gas entered the test tubes. To add to the strangeness of this experience, the gas later caused a glowing wood splint to burst into flames as it was placed into the test tube.

These boys and girls were taking part in the first meeting of the Science Club and were witnessing the production and testing of the very important gas called oxygen. At the meeting were President Bill Ramborger, Vice President Sonia Kracer, Secretary Francine Lauer, Treasurer Chris Walters and members Charles Marsh, Etta Smith and James Thompson. They attend meetings from 6:30 to 7:30 p.m. on the first Wednesday of each month.

Pep Squad News

With their first game, the Cubs proved that they were ready to go "all the way" this season. The Pep Squad is busy getting ready to back them up with cheers and plenty of pep.

We have regular practice in the gym each week and our speech teachers are helping us in class to learn the yells and speak them clearly.

Miss Smallwood chose Miss Stratton as her assistant sponsor and she has been working with us, too.

Officers for the coming year are: Etta Smith, president; Dot Hottinger, vice president; Sonia Kracer, secretary; and Donna Carpenter, treasurer.

Will you join us when the squad yells:

Two bits,
Four bits,
Six bits, a dollar.
All for Riverside
Stand up and holler!

Sports Events

The Cubs overcame a 29 to 12 deficit in the fourth quarter to bury Big Bear under a crushing ground game. Big Bear had capitalized on glaring pass defensive weakness to garner 208 yards through the air in the first half. The second half told a different story with Big Bear being held to no gain on the ground or in the air. CSDR linemen made life miserable for the Big Bear passer with crushing tackles which caused him to fumble on numerous occasions. Butch Gongaware, John Darby and James Manuel were outstanding on defense; Melvin Turner did a very good line backing job, and he also recovered some fumbles. Russell Thexton made many tackles.

Bill Ramborger ran 55 yards off tackle for our first TD on our second offensive play. Mark McCrory punched over from within the BB 5-yard line for three touchdowns. Frank

Almendarez intercepted a Big Bear pass and ran 25 yards for the final score.

CSDR chewed up large chunks of yardage on the ground. Fourteen first downs were made to three for Big Bear. The score might have been higher if there had been less fumbles. We also had a lot of penalties called on us for offside and illegal formation. These mistakes will be corrected as the season progresses.

1959 Schedule

Oct. 2	Big Bear (CSDR 31, Big Bear 20)
*Oct. 16	Twin Pines (CSDR 0, Twin Pines 12)
Oct. 23	Boys Republic (CSDR 6, Boys Republic 7)
Oct. 30	Aquinas
Nov. 6	Notre Dame
*Nov. 14	Elsinore N&M Sat. Homecoming
*Nov. 20	Rim of the World
* Home games.	

First Row: First Team, L. to R.—Mark McCrory, QB; Don Winant, RHB; John Darby, RE; Melvin Turner, RT; Rudy Nunez, RG; James Manuel, C; Robert Potter, RG; Frank Longbotham, LT; Butch Gongaware, LE; Bill Ramborger, LHB; Russell Thexton, FB.

Second Row: Second Team; L. to R.—Frank Almendarez, QB; Dennis Kaufman, RHB; Tommy Henes, RE; James Thompson, RT; Danny Golden, RG; Tom Utley, C; Earl Hafer, RG; Robert Williams, LT; Skippy Mangum, LE; Frank Scolaro, LHB; Josef Lerman, FB.

Third Row: Third Team, L. to R.—Mr. Thornton, Coach; Peter Natale, Mgr; Billy Wales, QB; Greg Brown, RHB; Don Day, C; Mickey Cox, C; Gary Cruz, RT; Ronald Stobe, LE; Bobby Skedsmo, LHB; Frank Boblitch, FB; Don Silvers, Mgr., Mr. Lennan, Coach.

Seated: Lillyus Stowers, Jan Garrison, Barbara Lewis, Catherine McDonald.
Standing: L. to R.—Ruben Jimenez, Eileen Horve, Etta Page, Ilene Steigerwald, Olivas Harkey.

New Counselors at CSDR

The following people have been added to the CSDR counselling staff:

Mrs. Ilene Steigerwald, Rubidoux I

Mrs. Steigerwald, who is a graduate of the University of Michigan, was head of Scouting and did leadership training in La Jolla for several years.

O. Harkey, Pachappa I

After his honorable discharge from the Air Force, Mr. Harkey worked at Camarillo State Hospital prior to coming to CSDR.

Miss Barbara Lewis, Pachappa III

Miss Lewis, an accomplished seamstress, lived in Texas before deciding to make Riverside her home.

Miss Eileen Horve is a native Californian. After attending City and Teachers' College in San Francisco she became a counselor at the Berkeley School.

Mrs. Catherine McDonald is most happy to

return to California which she considers her home state. She wants to be near her son and his family, who live in Anaheim. She supervised teenage girls in the New Jersey School at Trenton before coming to CSDR.

Miss Jan Garrison, another native Californian, attended Chaffey College in Ontario and spent three years at San Jose State College. She is one of the afternoon counselors in Rubidoux III.

M. M. Barnett, Jr., from Oildale, California, has joined the counselling staff. Mr. Barnett has been a student at the California Baptist College. He is in Lassen II.

Mrs. Lillyus Stowers is a native Californian and an active participant in community life. Mrs. Stower has done extensive work in the Riverside Settlement House. She has attended Riverside City College and UC at Berkeley.

Mr. Jimenez and **Mrs. Page** joined the counseling staff during the 1958-59 school year.

Dorm News

Pachappa I

There are twenty-one new boys in Pachappa I. All the boys seemed very happy to be back at school.

Mr. Danielson told the counselors in Greg's dorm, that Greg enjoyed many interesting experiences this summer, among them piloting a real airplane, racing a real motorcycle and riding in an automobile clocked at the speed of 117 miles per hour.

David Schiff's mother fixed a big picnic lunch and took David with the rest of his family to the Los Angeles County Fair. David enjoyed the ride on the giant ferris-wheel most of all.

One Saturday the boys in the dorm hiked toward the hills, south of the school campus. On the way back they gathered walnuts. Wesley Fera and Isaac Abenchuchan filled their pockets with nuts. Some of the other boys weren't so fortunate.

Pachappa II

We have nineteen little boys in our dorm who are new to school this year. They have had much to learn, but are doing quite well making beds, etc.

On Friday, September 25, the boys remaining at school from Pachappa II had a popcorn party with the girls from Pachappa III. They had a lot of fun.

Several of our boys brought little racing cars back to school. Gerry Winebrinner has a bright red one.

We have a new boy who entered October 1. His name is Ronald Roush. Ronald

will have to walk on crutches for awhile as he had to have an operation on his leg.

Pachappa III

Sharon Ingenthron has a new baby sister. Her name is Rebecca Jean and she was born on Saturday, September 19.

Mr. R. J. Fitch took pictures of Debbie Matthews, Rose Mary Ortiz, Janice Sickinger, Gloria Estrada, Alana Nunn, Joan Popovich, Malinda Williams, Kathy Primm, Kathy Kutscher, Irma Gonzalez, Diana Mesa and Cynthia Hunsucker on Saturday, September 26. The girls were playing on the playground. The pictures were then displayed on the bulletin board in the dormitory.

Janet Harbert's mother brought her miniature black poodle to Pachappa III on Friday, September 25. Janet's mother took moving pictures of some girls.

Rubidoux I

We are happy to welcome David Rivera and Clyde Vincent from Pachappa I but sorry to lose Gerald Williams and Butch Paplia.

There are now three Sanchez boys in school. Fred is in our dorm, Ralph in Pachappa I and the latest addition is Richard in Pachappa II.

Richard Hastings' father piloted Terry Ranson and Richard back to school. What an exciting way to end a vacation.

Warren Duckworth and John Reynolds are new to the school this year. Both have attended the Mary E. Bennett and Hyde Park schools in Los Angeles.

Travel with his parents kept Kirk Stevenson out of school until September 29.

Everyone is happy to be back in school. We hope to have a happy year living together.

Rubidoux II

Rubidoux II welcomes eight new girls to CSDR. They are Betsy Baldwin, Shara Eberhardt, Bonnie Elder, Lucy Garcia, Beverly Greer, Linda Kerstein, Mary Ann Rose and Karen Thompson. We are so happy they are with us.

The girls in Room I were the best housekeepers during the month of September. They are Carol Tufts, Beverly Greer, Linda Parker and Lois Malsberg. Congratulations, girls!

Linda King has a new baby sister. She was born on September 25 and weighed nine pounds. Her name is Merri Eileen. Linda is a lucky girl.

Rubidoux III

We have had several fair-goers this year. Diane and Judy Goldsberry, and Karen Kleiman went and brought back funny little straw hats, painted t-shirts and chameleons. We have had five chameleons in our lizard family.

We have six girls who have been promoted to the intermediate school. They are Jewel DeWitty, Sherry Hudson, Burnie Williamson, Lilia Sleeper, Nancy Sanders and Linda Briones.

Rubidoux III has added two new members to its family. First, from Inglewood, came Janie Gibson, who is 12 years old. Sandra Russell hails from Garden Grove, formerly from Kansas, and is ten years old.

Nancy Sanders and Margaret Rose went to the beach this summer with Jean Simeron. They went to Newport. They played in the water and had lots of fun.

Lassen I

Lassen I has mostly new boys this year. Only two are new to our school, Michael Eastman and Patrick O'Neil.

A few of the boys are working two afternoons each week and Saturdays in the garden. Jim Miles has planted radishes, onions and carrots. There will be many

flowers, too. Robert Reynolds, Mike Struble, Jon McGillivray and Mickey King worked very hard to dig a trench along the fence for sweet peas. Robert Schillinger and Pat Bybee are also helping. Mike Eastman has some wild flower seeds to plant. We hope to have many flowers for school events.

Leonard White gets the most mail. Ronnie Scolaro eats the most ice cream. Mickey King brought the most decorations from home for his room. Tommy Spears is the most fussy about being clean.

Lassen II

This year the word of the day at Lassen II is "You Are Here to Learn." The student response is "Ooo-Hard"!

Harvey and Leprintess Bradley and Everette Dryden are our three new resident students. They are happy and well adjusted, and like their fellow students and counselors.

Vernon Hibbs has returned to CSDR after a three year absence and he is happy to be with old friends again.

Ronald Brown and Edward Rogers are new day students. Ronald is anxious to become a resident student.

Keith Gamache and family took a nice long summer vacation visiting aunts, uncles and cousins.

Shasta I

Shasta I has many new girls this year. They have all moved up from Shasta II.

Molly Sue Merritt and Virginia Fallin, who graduated in June, were the last of the students who started out in Shasta I, or "Upper Girls," way back in 1953.

Mollie Roquemore kept busy last summer working in the onion fields. Hard work but good pay.

Shasta II

Sue Dymond and family visited Mexico during the summer. They went to Mexico City and Acapulco, bringing back many

interesting souvenirs and pictures. Sue was thrilled at seeing a bull fight.

Lana McGuire made a trip to New York City by TWA jet airliner, flying first class. She visited her aunt in New York. She still likes California the best and is very happy to be back home.

We are happy to welcome a new girl this year. She is Dawn Bryson and she transferred here from the Illinois School. Her father is a Lt. Colonel in the Marines and he is stationed at Los Alamitos.

Shasta III

Irene Acevedo visited in Arizona, New Mexico, Texas and Mexico this summer. While in Texas, she visited with Susan Suter, a former student at CSDR.

Linda Lewis spent her vacation in Nevada. Patricia Davis traveled with her mother in a trailer through Nevada, Oregon, Washington and Idaho.

Bridgeport, California, was the vacation site of Donna Larson and friends.

Shasta IV

Shasta IV was happy to welcome nine girls coming to us from Rubidoux III and six girls entering CSDR from other schools.

Many of our girls had very interesting, enjoyable and educational trips this summer.

Sheryl Crawford and her mother joined her father in Georgia. From there they went to Florida where they spent a month seeing all the interesting places, but Sheryl says she likes California best.

Sue Jacobs had a very lengthy trip. First to Las Vegas, then through Florida, Tennessee, Washington, D. C. and Pennsylvania.

The first dorm project has been making Clutch Bags from scraps of imitation leather. The girls were so enthusiastic about it that they each made one or more, some as Christmas gifts.

Palomar I

Karl Herkelrath of the Palomar I boys is on a trip to Hawaii with his parents. He will be gone three weeks. We are hoping he will send us some pretty picture post cards from "The Islands."

Palomar I is starting to work on its trophy chart and it looks like it is going to be a close race this year with all of the boys working hard for the trophy. We are proud of our boys.

At our Student Council election we elected David Olson president. We are sorry that he is at home ill. Bob Coats was elected vice president; secretary, Arthur Harper; representatives, Pete Natale, Russell Thexton, Robert Potter and Mark McCrory.

Palomar II

Don Graham enjoys reading his hometown paper very much, which his mother sends him from Bishop every week.

Don Billings had two jobs, one in North Hollywood and the other in Van Nuys, working as a bus boy and a dishwasher during the summer. With the money that he earned he bought many new clothes for school.

Bobby Bailey and his family went to Bishop to camp and fish for three days in July. They also went water-skiing at Balboa during the summer.

Palomar III

We welcome three new boys from different parts of California. They are Monty Joe Hall, Walter Cook and Ronald Miller. It is interesting to watch the boys making new friends, new adjustments to dormitory life and being accepted by all. We sincerely hope they will feel at home here with us.

During the summer vacation Dick Ramberger journeyed through the northwestern part of the United States. He visited his relatives in Washington and it was reported

that he went clam digging one morning and got thirty-five clams along the shore. He had to dig and capture them with his bare hands. Another interesting point was his visit in Canada to Vancouver, B. C. He also visited three of our state capitols in Oregon, Washington and California.

Gordon Johnson has been running four miles daily on the sandy beach near his house which is located in Laguna Beach. He set a personal goal to improve his running for the track season. He is, at present, continuing his practice. We should have more boys like him working successfully toward their goals. Gordon says he wishes to be one of the athletes to represent the

United States in the forthcoming Olympics in Helsinki, Finland, in 1961. What a wonderful goal!

Ronald Slobe and Jimmy Foster brought their personal bowling balls to school. Since we have a new alley near the campus now they want to improve their game as well as up their low averages. They are using their town privileges to good advantage by going to the bowling alley.

Billy Wales is envied by all our boys here. He was the only person in this dormitory to witness a World Series game in Los Angeles. He was really happy when the Dodgers defeated the White Sox 3 to 1.
